About Sesame: protecting our members

Sesame is an award-winning network of appointed representative (AR) mortgage and protection advisers. We are responsible for our members' compliance with regulatory requirements, offering a breadth of knowledge and support that is unrivalled anywhere else in the market. We work with our members to understand their business goals and support them to meet their objectives. Bringing together over 800 advisers, Sesame has specialised in mortgages, protection and general insurance for over 20 years.

About Bankhall: supporting our clients

Bankhall provides award-winning compliance and business support services to directly authorised (DA) financial advisory firms. We are not responsible for our clients' compliance with regulation, but we do provide guidance on how advisers and firms can achieve best practice. With expertise ranging from pensions and investments to mortgages and protection, Bankhall has been operating for over 25 years, supporting thousands of clients to embrace regulatory change.

About PMS: connecting our members

PMS is one of the UK's leading mortgage clubs for DA advisers. We connect our members with market-leading products as well as exclusive arrangements across mortgages, protection and general insurance. PMS members benefit from our truly personalised, collaborative approach that places advisers and customers at the heart of everything we do.

Together, we are Sesame Bankhall Group, one of the most influential voices in the financial advice sector. So when you join the SBG team, you will hold a pivotal role in helping shape the future of financial advice, both for SBG's financial advisers, and for their customers.
